

Welcome to the 501c(3) Not for Profit *Alise Spiritual Healing & Wellness Center!*

We thank you and praise God that you have been led to visit our website. Since you have made the conscious choice to visit our healing center, let me share with you why we exist.

Our healing center focuses primarily on intuitive life coaching because there is a dire need to help people become their personal best by providing the right kinds of knowledge and truth to their divine life plan. People have gone most of their lives listening to others instead of listening to the Holy Spirit. It's time for people to know their Truth and we facilitate that process through intuitive life coaching in partnership with the Spirit.

It is extremely important to know that everyone has that divine birthright. Therefore, we are committed to helping you learn how to connect with your Angels and the Holy Spirit—who is the greatest teacher of all times!

If you are looking for spells and any other dark force work, then you are in the wrong place! We will not serve you as we are here to help you celebrate and shine your Light as the world truly needs you.

We are a life coaching and prophetic ministry who serves a global audience and only work with people who are willing, ready, and able to make a change in their lives.

Lastly, we promote a relationship with a Savior who can change every aspect of your life through obedience. We teach you how to do this through our intuitive life coaching programs.

God bless you and know that you are loved, valued, and competent.

With Love and Light,

*Minister Dr. Alise*
